

IOWA GOVERNOR
WANTS HARMONY

Carroll Pleads for End of Political Strife.

WORKING HARM TO THE STATE

In His Inaugural Address Chief Executive Declares That There Is Good Ground for Belief That Existing Bitter Factional Difficulties Are Seriously Disturbing the Business of the Commonwealth.

Des Moines, Jan. 13.—Governor Carroll, in his inaugural address to the Iowa assembly, urged a cessation of political and factional strife in the state. He said in part:

"I shall not say that there is no merit in the suggestion that our political strife has had an unwholesome effect upon the state. While these things may not have driven any one from among us I do not apprehend that they have in any way encouraged people to locate here. No business man ever seeks a battle ground, either bloody or bloodless, upon which to make an investment, at least not until the battle is ended, and certain it is that the capital is not going to flow readily to a state where uncertainties exist as to the conditions under which it may be invested and handled. Neither do I believe it to be any encouragement to our business interests to have our state better known away from home by reason of its political and factional feuds than for its broad acres and immense crops.

Regrets Factional Alignments.

"The terms 'progressive' and 'stand-pat,' as used in this state to represent discordant elements, have never induced one man or one woman to locate in the state. There is evidence upon every hand and from almost every county that these bitter factional alignments have had their influence upon local business conditions of the various communities. Men have been known for these reasons to change their places of banking, of purchasing goods and of transacting business in general. Even the harmonious and united efforts of business men's organizations have been interfered with because of intense factional feeling. The man who suggested that these things may have had a bearing upon the population of the state had much ground upon which to base his conclusion."

"Nothing better could come to our state than that there should be an end of these matters. Give the business interests of the state precedence over the ambitions of men and let the people join in a united effort to promote the material welfare of the commonwealth."

BILLS COMING IN SLOWLY

Only Three of Importance in Minnesota Legislature.

St. Paul, Jan. 13.—Either the present legislature is slow in getting started or there will be less legislation proposed and enacted than there has been during the past two or three sessions. So far only three propositions of general interest have been advanced while in 1909, at the end of the second week's work, there had been at least a dozen important bills introduced.

The principal measures advanced so far are the initiative and referendum, for which there are seven bills in the two houses, the distance tariffs, and the extension of the primary to state offices and United States senators.

The total number of bills introduced in the house thus far is 57, while two years ago at the same time it was 106. In the senate 56 bills have been introduced against 115 at the end of the second week last session.

Both houses adjourned until Monday evening.

FROM OVERHEATED STOVE

Three Children Perish in Burning Home.

Winnipeg, Jan. 13.—Wasyly Hutslu, section foreman, summoned home, looked upon the dead bodies of his three children, a baby, a boy and a girl, who perished in the home while their mother was absent for a short time, perished from fire and smoke caused by an overheated range.

Hutslu has been married only five years and in his agony all he could do was to clasp his hands and pray to a charred picture of the holy virgin still hanging on the walls. The mother is prostrated.

Boy Killed on Track.

Wadena, Minn., Jan. 13.—The body of Frank West, a farmer boy, whose parents live near Frazee and who had been living with his uncle near Richdale, was found by the crew of an eastbound train. It is thought that a westbound passenger train which passed a short time before, struck the lad as he was walking home.

Montana Deadlock Continues.

Helena, Mont., Jan. 13.—An unsuccessful effort was made in the joint assembly by Senator W. B. George of Yellowstone to stampede the body to the Walsh adherents and the plan resulted in a net gain of two votes for the Helena man.

HELENA NEWSPAPER SUED

Receiver for City Water Company Brings Libel Action.

Helena, Mont., Jan. 13.—The Helena Independence and its owner, J. S. McNeil, were made defendants in a libel action filed in the United States court here by C. E. Backus, receiver of the Helena Waterworks company. The amount sought to be recovered is \$75,000. The court recently granted the receiver permission to file the suit, which is based upon a charge published by the paper.

Water bonds in the amount of \$60,000, for a municipal plant, were approved at a special election and the council will doubtless attempt to begin work at once, the franchise of the company having expired.

The water company is owned by residents of Boston, but it is now in the hands of a receiver.

EDDY WILL TO
BE CONTESTED

Claimed Gift to Church is Above Legal Amount.

PETITION FILED IN COURT

Counsel Asks for Construction of the Will Under the New Hampshire Law Heirs Will Try to Have Question Regarding Residuary Legatee Transferred From Superior Court to Supreme Court.

Concord, N. H., Jan. 13.—That the residuary clause in the will of Mrs. Mary Baker G. Eddy, founder of the Christian Science church, is null and void, is the opinion of ex-United States Senator William C. Chandler, Hannis Taylor of Washington, D. C., professor of constitutional and international law at George Washington university, and others, was given out for publication here.

The clause provides for a gift of about \$2,000,000 to the First Church of Christ, Scientist, of Boston, known as the "mother church."

A statute of New Hampshire, prohibiting a bequest to a church of over \$5,000 annually, is the basis of the opinion, which was written by Professor Taylor. Referring to the residuary clause as "null and void," the opinion says:

"As to the void gift the testatrix died intestate and its subject matter passed on her death to her next of kin, under the New Hampshire statute of distribution."

In the closing paragraph the opinion advises the attorneys for the next of kin that such agreements and contracts as they made with the testatrix and her trustees in her lifetime bind them only to recognize as valid such provisions of her last will as are valid legally."

Ask Construction of Will.

A petition was filed in the superior court here by ex-Senator Chandler and other attorneys, asking the court for a construction of Mrs. Eddy's will, particularly the clause relating to the residuary estate. The petitioners also pray for an injunction against any disposition being made of the property in question pending the construction of the residuary clause.

It is understood to be the plan of the attorneys for George W. Glover and Dr. E. J. Foster Eddy, the sons of Mrs. Eddy, to try to have the question regarding the residuary legatee transferred from the superior court to the supreme court for a decision. No contest in the probate court is expected.

In the opinion by Professor Taylor, which was requested in a long letter written to him by Mr. Chandler, the New Hampshire statute is quoted as follows:

"The income of any grant or donation made to or for the use of a church shall not exceed \$5,000 a year, exclusive of the income of any parsonage land granted to or for the use of the ministry."

HAIR HEALTH.

If You Have Scalp or Hair Trouble, Take Advantage of This Offer.

We could not afford to so strongly endorse Rexall "93" Hair Tonic and continue to sell it as we do, if it did not do all we claim it will. Should our enthusiasm carry us away, and Rexall "93" Hair Tonic not give entire satisfaction to the users, they would lose faith in us and our statements, and in consequence our business prestige would suffer.

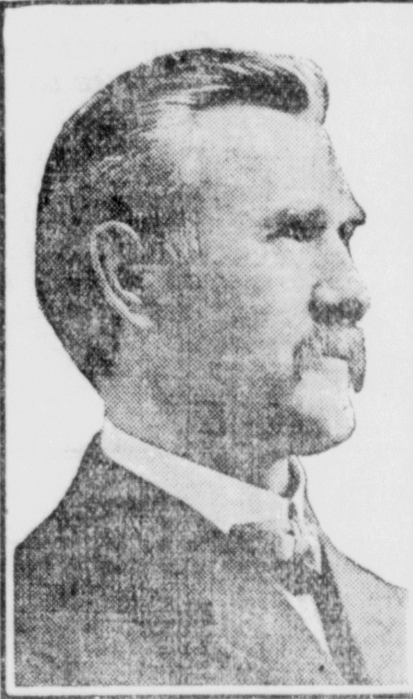

We assure you that if your hair is beginning to unnaturally fall out or if you have any scalp trouble, Rexall "93" Hair Tonic will promptly eradicate dandruff, stimulate hair growth and prevent premature baldness.

Our faith in Rexall "93" Hair Tonic is so strong that we ask you to try it on our positive guarantee that your money will be cheerfully refunded if it does not do as we claim. Two sizes, 50c and \$1.00. Sold only at our store—The Rexall Store.

CLARK ISSUES STATEMENT

Explains Action of Democrats in Upholding Speaker.

Washington, Jan. 13.—Congressman Champ Clark, the prospective Democratic speaker of the house, issued a statement regarding the action of the Democrats in upholding Speaker Cannon in an obnoxious ruling several days ago. He said:

"It is a gross mistake to think that the Democrats reversed their action of March 19, 1910, when they helped curb the power of the speaker. The leaders of the party then stated that what they were doing was revolutionary in character, but we were fighting to accomplish a great result, namely, to liberate the house from the domination of an oligarchy, of which the speaker was the leading spirit. We were perfectly justified in upholding the precedents that were ever made to emancipate ourselves. The Republicans started the rumpus and we mixed in so as to start something. They created a precedent which the Democrats do not necessarily have to recognize in the next congress."

RAILWAY OFFICIALS
BECOMING ALARMED

Two Passenger Trains Snow-bound in Montana.

Spokane, Wash., Jan. 13.—Alarm is felt by railroad officials for the safety of the passengers and crew of Great Northern passenger train No. 3, "the Oregonian," and the crew of fast mail No. 2, stalled in the snow near Fielding, Mont.

It is estimated that more than fifty persons are on the two trains. There is no diner on either train. Train No. 3 is westbound and No. 2 is eastbound. Both run between St. Paul and the coast. The trains have been stalled since Monday and the last communication was a message sent by telegraph early Monday morning. A blinding snow has raged for four days.

Superintendent Smith of the Havre division is at Essex, Mont., with a crew ready to attack the drifts, but cannot make any headway until the storm ceases. He declares the trains have enough supplies to keep the passengers from starving for several days and enough coal to keep warm.

Rotaries, coupled back to back, are being sent out from Whitefish, Mont., on the west, and from Cutbank, Mont., on the eastern division.

Taft Wants Canal Fortified.

Washington, Jan. 13.—President Taft sent to congress a special message urging the fortification of the Panama canal and recommending that an appropriation of \$5,000,000 for the initiation of the work on the proposed defense be made at the present session of congress. He forwarded with the message the report of the special army and navy board, recommending fortification of the canal.

Leaps From Minneapolis Bridge.

Minneapolis, Jan. 13.—Losing his balance and once falling back on the roadway of the steel arch bridge, Alfred Marshold, thirty-nine years old, single, an employee of the Bureau of Engraving, deliberated climbed again upon the railing and plunged head foremost to the river ice. He was unconscious when picked up and died before he could be taken ashore.

MAY STIR UP LIVELY ROW

Investigation Resolutions in North Dakota Legislature.

Bismarck, N. D., Jan. 13.—The proposed investigation of the state fish and game commission met with heated opposition in the senate when the resolution proposed by Senator J. G. Gunderson came up for consideration. As a result the investigation question was made a special order for Saturday afternoon.

Another investigation will also be aired at that time, the senate having decided that hour as the time for consideration of the resolution providing for an investigation into the business methods of the board of school and university lands.

MEMBERSHIP OF
HOUSE TO GROW

Representatives Will Lessen Their Individual Power.

FEW MEN TO CONTROL BODY.

Importance of the Senate Will Be Increased by Larger House—Congress Will Move Slowly in Parcel Post Legislation—Elkins' Death Complicates Committee Situation.

By ARTHUR W. DUNN.

Washington, Jan. 13.—[Special.]—The house of representatives is going to increase its membership. It has done so after every census and will probably continue the same policy. It is true that the increase in membership decreases the power of the individual member and makes more powerful the compact organization which controls the house. It matters not whether the speaker or a committee on committees appoints the committees or whether the speaker heads the powerful committee on rules, there is bound to be an organization of men with brains and long experience who will for the most part control the house. The larger the membership the easier it is to keep control in a few hands. And as the power of the individual member decreases the power of the senate increases. This is the natural law of two bodies of coordinate power, one large and one small in number.

The reasons for increasing the house membership may be summed up in the selfish motives of representatives of states which do not want to have their present representation decreased and in the more defensible plea that the larger the membership the more representative the body will be.

Moving With Deliberation.

The house committee on postoffice is moving with deliberation in the direction of parcels post legislation. Chairman Weeks says that congress must go very slow in the matter of loading the mails with merchandise. "If we should throw open the mails, as some of the members want us to do," he said, "it would necessitate the building of postal warehouses in most of the cities and towns to accommodate the merchandise that would be shipped. We are not going into further extension of postal facilities without knowing just what we are about."

Interesting Committee Situation.

The death of Senator Elkins brings about an interesting committee situation. He was chairman of interstate commerce, the committee that handles all railroad legislation. Next to him is Senator Cullom, who was once chairman of foreign relations, a committee of higher rank.

Next to Cullom in order are Senator Aldrich, Senator Keane and Senator Clapp. Both Aldrich and Keane are to retire, which will make Clapp chairman unless Clapp should decide to go back to his old place. But even if he did he would not last long, and Clapp would come into the chairmanship.

Now, there is a very decided element in the senate which does not want Clapp chairman of this important committee. He is one of the insurgent senators, a progressive of the most pronounced type, who fought the tariff bill and many provisions in the last railroad bill. In Minnesota the regulars talked of defeating him for reelection because he was too close to La Follette.

By rule of seniority, however, he will become chairman unless Aldrich should be returned to the senate despite his withdrawal or Cullom should take the strange course of stepping into the breach. But the senate in the next congress will have so many progressives that it will not make much difference how they are placed.

Working With Wiley.

For many days Senator Heyburn has been working with Dr. Wiley in the preparation of his cold storage report, which has been promised so long that people are anxious to read it. The supposition is that this report will be a more important document than that of the special committee which investigated the high cost of living.

Heyburn was largely responsible for the pure food law, and it is believed that his report is to be the basis of legislation for the control of goods in cold storage which can be subject to interstate commerce regulations.

What Is a Periodical?

If you want to "start something" around the postoffice department these days put forth the inquiry, "What is a periodical?" Ever since the suggestion was made that periodicals should have their postal rates increased, especially on the advertising matter, the question as to what shall be deemed a periodical is one of great moment.

Members of congress want a definition before they legislate, and men who handle postal matters have been trying to solve the problem. The supreme court once defined the word, but gave it such a broad scope that it included papers as well as magazines. And so the question remains unanswered.

Poor Before the Rich.

When justices of the supreme court take the oath of office they promise to administer justice "to the poor and rich alike." No other oath taken by government officers is quite like this, which has been handed down from the early days of the republic.

Money to Run Government.

Washington, Jan. 13.—The house passed the legislative, executive and judicial appropriation bill, carrying approximately \$25,000,000. When the army appropriation measure was reported out of committee it carried a total of \$92,811,896. The senate adjourned after a five-minute session on the formal announcement of the death of Senator Charles J. Hughes of Colorado.

DUKE D'ABRUZZI.

Suitor for Hand of Miss Elkins, Who May Visit America Soon.

ABRUZZI TO RENEW HIS SUIT

Visit to America by Duke Expected in Washington.

Washington, Jan. 13.—A visit by the Duke d'Abruzzi, incognito, to the United States before the end of the present social season is one of the probabilities mentioned in social gossip which has reached Washington from Roman court circles.

The absence of confirmation is ascribed to the plans of the Italian ministry of marine to assign one of its high officers to visit the Panama canal to study its engineering problems. That the duke may be selected for this errand is likely.

The duke's visit incognito would enable him to pass the time according to his personal wishes and would prevent his being lionized in a way that would exclude the participation of Miss Katherine Elkins, who is now in mourning for her father.

GLOTFELTER HEADS
STATE FAIR BOARD

Member Dies of Excitement During Election.

St. Paul, Jan. 13.—J. M. Underwood, president of the Minnesota State Agricultural society for 1910, was defeated by the "old guard," who slipped in C. W. Glotfelter of Waterville, practically a new man to the fair. He won out with 169 votes against Underwood's 123.

The fight on Mr. Underwood is declared to have been made with a view of "getting" Secretary C. N. Cosgrove, but this will not be determined until Tuesday evening.

Yet to the excitement of the campaign, which was more pronounced and more enthusiastic than the memorable fight in St. Paul last year, a decidedly dramatic touch was added when death stalked the hall in Minneapolis and struck down C. B. Clark, a life member of the association. Scarcely ten minutes before he had made a ringing speech paying tribute to the work of Mr. Underwood in seconding the nomination and urged that no change be made from an experienced man to one who was inexperienced. He did not live to hear the words of Teller W. A. Nolan, pronouncing Mr. Underwood's defeat. The excitement acted on Mr. Clark's heart and he swooned, death coming a few moments later in an outside corridor. The other officers chosen are:

First vice president, E. J. Stillwell, Minneapolis; second vice president, Reuben Warner, Jr., St. Paul; board of managers, Robert Crieckmore, Owatonna; C. P. Craig, Duluth; F. W. Murphy, Wheaton; Thomas Canfield, Lake Park; George Atchison, Mankato; W. W. Silvrigh, Hutchinson.

Loses Purse and Goes Insane.

Billings, Mont., Jan. 13.—Temporarily insane as the result of grief over the loss of her pocketbook, which was stolen from her when she stopped in this city en route to St. Paul, Mary Mahoney is being cared for by county authorities until her relatives in the Minnesota city can be reached from Bozeman to St. Paul and her purse was stolen when she went to the depot lunch counter for a meal.

Burns Fatal to Woman.

Fergus Falls, Minn., Jan. 13.—Mrs. Swan Anderson of Amor was burned to death in her home. She had been living alone and her son-in-law, Charles Erickson, built up a fire for her in the morning. She apparently arose and stood over it and her clothing caught fire. She died an hour later.

Money to Run Government.

Washington, Jan. 13.—The house passed the legislative, executive and judicial appropriation bill, carrying approximately \$25,000,000. When the army appropriation measure was reported out of committee it carried a total of \$92,811,896. The senate adjourned after a five-minute session on the formal announcement of the death of Senator Charles J. Hughes of Colorado.

OIL TRUST IN
FINAL BATTLE

STATE IS BEING DEFRAUDED

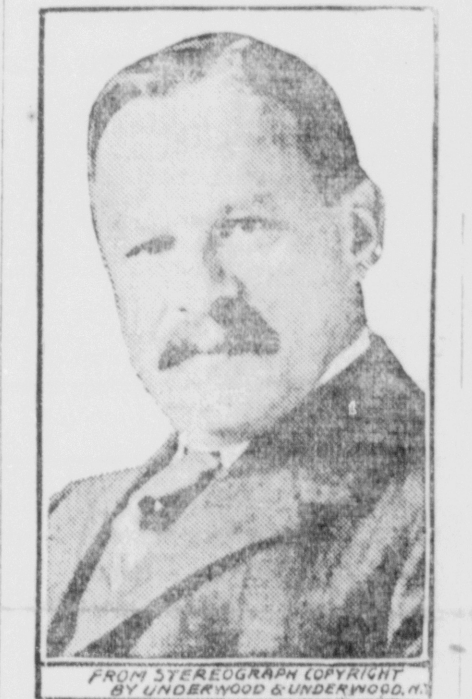

Importation of Glandered Horses into North Dakota.

Bismarck, N. D., Jan. 13.—North Dakota is exterminating glandered horses at a rapid rate, but, it is said, the state is paying indemnity on animals shipped here from neighboring states by enterprising owners. This is the contention of state officials who have interested themselves in the situation. In the border counties this condition would be most marked and in some of them direct evidence is said to have been found showing the horses or derailed killed by the state veterinarian's board, and for which killing the state will pay the owner up to half of the value of his animal, were imported.

There are certificates in the state auditor's office calling for the payment of more than \$60,000 in indemnity while two years ago the amount was \$80,000, indicating some progress has been made since the establishment four years ago of the board of veterinarians in the hands of which the campaign is waged. It will be for the present legislative assembly to make provision for the unpaid certificates held by the state auditor.

DROPSY TREATED FREE

Franklin Miles, M. D., LL. B., the Well Known Heart Specialist, Will Send \$3.75 Worth of His New Treatment Free

Many "Hopeless" Cases Soon Cured After 5 to 20 Doctors Failed

At first no disease is apparently more harmless than dropsy, a little swelling of the eyelids, hands, feet, ankles, or abdomen. Finally there is great shortness of breath, smothering spells, sitting up to breathe, cough, faint spells, sometimes nausea and vomiting, even bursting of the limbs and a lingering and wretched death if the dropsy is not removed.

Dr. Miles has been known as a leading specialist in these diseases for 26 years. His liberal offer is certainly worthy of serious consideration. Another opportunity may not occur.

The Grand Dropsy Treatment consists of three dropsy remedies in one, also Tonic Tablets, and Pura-Laxa for removing the water. This treatment is especially prepared for each patient and is at least ten times as successful as that of most physicians. It usually relieves the first day and removes swelling in six days in most cases.

Mr. R. Burford, Bannister, Mich., tapped every week. Cured after four physicians failed. Mrs. Olive C. Van Leeren, Fairport, N. Y., says: "The swelling in my limbs went down the first day and night after I began taking your treatment and has never returned." Miss Lieu Baldwin, Cridersville, O., cured after being confined in bed four months. Mrs. Elvina Sonders, Decatur, Neb., aged 71 years, suffered 30 years. Cured after 19 physicians failed. Mr. John T. Alexander, Elwood, Ill., cured after 4 failed. Many other cures sent upon request.

All afflicted readers may have Dr. Miles' Dropsy Book. Examination Chart and a \$3.75 Treatment free. We would advise you to send for them before it is too late. Describe your case. Address Dr. Franklin Miles, Dept. F., 1428 to 1438 Main St., Elkhart, Ind.

Making Desperate Effort to Prevent Dissolution.

CASE BEFORE SUPREME COURT

Attorney John G. Milburn Contents That Standard Oil Company is a Legitimate Business Enterprise and Never Harmed Any Other Industry. Frank B. Kellogg to Present Government's Argument.

Washington, Jan. 13.—The dissolution suit of the government against the Standard Oil company was up for final argument before the United States supreme court and the attorneys for the oil trust put up a desperate fight to prevent the breaking up of the company. John G. Milburn of New York, argued for three hours, contending that the Standard was a legitimate business enterprise and never harmed any other industry that tried to make a living in the oil trade. He even went so far as to assert that John D. Rockefeller was nothing but an obscure young man, who had developed into a business genius, and in the natural order of things had extended the influence of the corporation as opportunity and feasibility afforded.

The opening argument for the government will be made by Frank B. Kellogg of St. Paul, who is known the country over as the "trust buster" on account of his having successfully conducted the case against the Standard Oil company in the United States circuit court of appeals. The case will not be concluded until next Tuesday.

BIG SENSATION AT BUTTE

Mayor Nevins Accused of Shielding Alleged Fugitive Embezzler.

Butte, Mont., Jan. 13.—In a deposition which resulted in a sensation in the case wherein Mayor C. P. Nevins has accused Police Captain W. J. Buckner of permitting Oscar M. Wheelock, wanted for a \$10,000 embezzlement from the Massachusetts Bond and Trust company at Boston, to escape from Butte, Mrs. Wheelock, whose father is a half brother to Mrs. Nevins, was forced to admit that the mayor had advised her to get Wheelock out of town when Buckner had identified him from a police circular and was endeavoring to place him under arrest. Mayor Nevins told Mrs. Wheelock, according to the witness, that he would have Police Chief Quinn destroy the circular and the matter would blow over soon. Charges of graft preferred by Nevins against Buckner brought out the whole story as a sidelight.

RATHER THAN ADMIT GUILT

Mrs. Lellie Elmborg Dies by Her Own Hand in Butte.

Butte, Mont., Jan. 13.—Mrs. Lellie Elmborg, reader of the First Church of Christ in Butte and treasurer of the church, and for whom her disgraced husband, aided by friends and officers, have searched day and night, committed suicide Tuesday in a room in a cheap hotel. Her body was accidentally found by a chambermaid. Rather than confess to her husband that she had spent several hundred dollars of their savings which he had promised to loan to the church, with which to construct a new edifice, she had swallowed strychnine.

FATAL END TO FAMILY ROW

Boy Shoots and Kills Intoxicated Stepfather.

Stillwater, Minn., Jan. 13.—Because he came home in an intoxicated condition and endeavored to put his wife out of his home, William H. Elias, aged sixty, a resident of Stillwater for thirty years, is dead with a bullet in his heart, and his stepson, George Sears, aged seventeen, is in jail. He alleges that the shooting was accidental, but admits that he pointed his father's 32-caliber revolver at his parent when the latter, returning home in an intoxicated condition, endeavored to put Mrs. Elias out of the house.

Peary Will Be Admiral.

Washington, Jan. 13.—Unless the action of the house subcommittee on naval affairs fails to receive the endorsement of the house Captain Robert E. Peary will be retired with the rank of rear admiral in the engineer corps of the navy. Favorable action on Peary's application for retirement was taken by the committee and if the house concurs in the report the explorer will go into private life on a pension of \$6,000 a year.

Montana Census Figures

Washington, Jan. 13.—Population statistics of the thirteenth census, just issued, included the following cities in Montana: Anaconda, 10,134; Billings, 10,031; Helena, 12,515; Missoula, 12,869; Livingston, 5,359.

Minneapolis Fire Losses.

Minneapolis, Jan. 13.—Total losses from 1910 fire in Minneapolis were \$1,164,598, as shown by the fire patrol report of the board of underwriters. Insurance in force on the property involved was \$10,340,662.

ladies will have to reduce the length

they enter the confines of that state.
This is in line with the New Jersey
legislature who wants a bill making
it a misdemeanor to tip a waiter more

erally indicate the calibre of the man
who fathers them.

The retiring state treasurer recom-
mended that the testing of weights

gestion seems to be an excellent one.
As the law now stands it is practi-
cally a dead letter as under it coun-
ty treasurers are to test measures
and weights that are brought to
them, but as none are ever brought
there is no inspection. The inspec-
tors of the dairy and food depart-
ment in their trips throughout the
state which brings them into con-
tact with dealers could combine the
inspection of weights with their other
duties without interfering and in
that way a uniformity in the matter
of weighing and measuring could be
arrived at that would be absolutely
correct.

Judge J. T. Sanborn has returned
from St. Paul where he attended the
convention of probate judges of the
state. A subject given much prom-
inence in their discussions was the
matter of juvenile courts.

Passengers on last night's St.
Paul train complained of having to
wait 15 minutes in the cold while a
switch engine steamed around and
prevented them from walking to
their hotels.

The pencil drawings of Amos
Maghan, aged 13 years, show marked
originality and beauty. He is a pu-
pil of the parochial school and re-
sides in the Pearce block. Two of his
sketches entitled the "Princess Wa-
nanda" and "Chief Hawkeye" are on
display at J. A. MacLellans confection-
ery store.

The lobby of the Ransford hotel
contains many trophies of the chase.
Above the cigar stand the proprietor
of the Ransford, Mr. R. R. Wise, has a
magnificent eagle on display. In a
corner of the lobby are two bear
cubs. In the windows of the writ-
ing room are a buck and a doe, both
beautiful specimens. All these spec-
imens of the fauna of Minnesota
were mounted by S. Francisco, of
Motley. Many favorable comments
are heard about the original display,
as few hotels in Minnesota can equal
it.

**How To Cure
Your Own Kidneys**

**A New Guaranteed Treatment. The
Best That The World's Best Kidney
Specialists Could Give You.**

Here is the best remedy for your
kidneys, backache, and the diseases
that come from bad kidneys that the
world's greatest brains can give you.
Take advantage of it. Cut this out
and keep it. If your kidneys are too
far gone, nothing else may save you.
It then rests with your Maker.
Now, if you have pain in the small
of the back, at times or constantly, if
the urine is profuse or scanty, if it
is smoky or cloudy after it stands a
few hours, or has a bad odor, or if
you have pain in the bladder or a touch
of rheumatism anywhere, the chances
are almost 100 to 1 that your kidneys
are clogged with body poisons of va-
rious kinds.

Bladder troubles, rheumatism, Bright's
disease and so on, come from bad,
dying kidneys. They can't throw out
the poisons.

Stop everything else you may be
taking for your kidneys, bladder or
rheumatism. Stop! Put your whole
heart and soul in the following treat-
ment and go to bed tonight never more
doubting for a moment that you will
be quickly relieved and saved.

Go to your druggist and ask him
for Dr. Derby's Kidney Pills, nothing
more. Every box, every pill is guar-
anteed. You will say it is the greatest
remedy that man has ever found. Some
of the most prominent men and women
of the country believe in them because
they have been cured by them.

Dr. Derby's Kidney Pills are safe,
give no bad after effects. In the first
24 hours you will feel different, better.
Dr. Derby's Kidney Pills are sold by
all druggists—60 pills—10 days' treat-
ment—25 cents, or direct from Derby
Medicine Co., Eaton Rapids, Mich. If
you want to test them first, just ask
your druggist for a free sample pack-
age.

While the above figures indicate a
gain of 1,002 persons or 13.33 per
cent, over the government figures of
7,524 in 1900, and 499 more than
the figures of the state census of
1905 the gain is not what was ex-
pected, and not what it should have
been. There is no doubt that Mr.
Ley's count a few weeks later in
which he found 9,278 people in the
city is more nearly the correct popu-
lation of the city.

Co. Meeting at Citizens State
Bank January 21st

The annual meeting of the Long
Lake Mutual Fire Insurance Co. for
the election of officers and the trans-
action of such other business as may
come before it will be held at one
o'clock Saturday afternoon, Janu-
ary 21, at the Citizens State bank.

The old board of directors in-
cludes P. S. Taylor, William Gil-
dard, Chas. Clute, George McCulloch,
George Fruth, Knute Nesheim, Fred
Nubbe and Messrs. Olson and Poin-
ton. Its present officers are Anton
Weber, president; Frank Klenow,
vice president; Henry Bouck, secre-
tary; John Sandgren, treasurer.

The Childrens Hour

After the stories and the work the
children have been enjoying the
practice of a Danish folk dance
called a dance of greeting. This
dance is much like a game and fur-
nishes a touch of activity which is
very popular. Again we appreciate
the kindness of the Kimball Piano
Co. in lending us a piano, for what
would a dance be without music?
Miss Glass kindly plays the accom-
paniments. The next meeting will
be tomorrow at the library at 2:30
P. M. The next story in the series
of Greek Myths will be told to the
older children by Mrs. Donovan.
Mrs. Burnett will tell the story to the
little ones. All children, boys and
girls, are invited.

The raffia class under the direction
of Miss Mower will also meet tomor-
row at the same place at 1:30 P. M.

GOES TO GRAND RAPIDS

Dick Bertram, the Son of Mr. and
Mrs. Geo. Bertram Now Mus-
ical Director Gem Theatre

Val Bertram, or Dick, as he is
also known, the son of Mr. and Mrs.
George Bertram of this city, has re-
signed his position with the Brink-
ham theatre at Bemidji and has re-
moved to Grand Rapids. He was
well liked at Bemidji where his pi-
ano playing and singing did much
to increase the popularity of this
theatre. Previous to his Bemidji en-
gagement he was a musician in the
Bijou theatre at Virginia.

The Grand Rapids Herald Review
has the following reference to Mr.
Bertram: "Dick Bertram, the new
musical director and vocalist at the
Gem theatre arrived here Sunday
and from the many comments heard
he made good the first night. Pos-
sessed of a full, rich, round baritone
voice, he pleased his hearers and his
playing for the motion pictures cer-
tainly made a hit. Nothing that
would add to the effect of a picture
was missed by him and it is safe to
assert he will continue to grow in
favor with the patrons of the Gem.
Manager Comer is to be congratulated
on his acquisition."

FOURTH WARD'S STRONG PROTEST

Of Numerous Tax Payers Against the
Special Assessment on Oak
Street Paving

MEETING HELD LAST NIGHT

Committee Appointed to Confer With
Council at Next Meeting and
Present Objections

A least 75 taxpayers of the fourth
ward attended the public mass meet-
ing at the South east Brainerd hose
house last night, which meeting had
been called to protest against the
special assessment for paving to be
levied against Oak street.

The gathering selected Pete Pet-
erson as its presiding officer and Sam
Engbretson as its secretary.

It was the sense of the meeting
that a strenuous objection be made
to the imposing of an additional
special assessment for paving Oak
street for the reason that the city
at the time the improvement was
contemplated some two years ago
held out as an inducement to the
property owners and finally agreed
to pay 25 per cent of the cost of
such paving improvement.

It was on this understanding that
the improvement was made, the city
to stand one fourth the cost of the
paving, also some additional expense
not added to the former cost. Oak
street from Sixth street to the city
limits is peopled with many residents
who, in a majority of cases, own
their homes, and the attempt of the
city to collect such an extra assess-
ment works a great hardship as well
as an injustice on many people.

Furthermore, the resolution of the
city adopting the assessment roll in
December 1908, expressly states that
25 per cent of the costs of the paving
shall be borne by the city and the
tax was so spread upon the tax lists
of the city and county.

A committee consisting of Con
O'Brien, Pete Peterson and S. P.
Alderman was appointed to present
the views of the mass meeting to the
council at the next meeting of that
body and to do all in its power to
stop the city from any further at-
tempt in the collection of such an
unjust tax.

GREAT EFFORT IS APPRECIATED

Banquet of St. Paul Given to the Gov-
ernor and the Legislature is
Highly Appreciated

W. H. GEMMELL INVITED GUEST

Capitol City Outdoes Anything Ever
Attempted in Northwest in Way
of an Entertainment

Mr. W. H. Gemmell, who has just
returned from St. Paul, in talking
with a Dispatch representative men-
tioned the fact that he had been in-
vited to attend the banquet given by
the citizens of St. Paul on Wednes-
day night at the St. Paul hotel to the
governor and his staff, the state of-
ficials and the members of the legis-
lature now in session in that city.
He said the affair was a great success
and probably the best thing of its
kind ever given in the northwest.

W. H. GEMMELL
General Manager M. & I. Railway

Over 600 guests partook of a most
sumptuous repast. They were seated
at long tables and each man found
his place at tables designated
white, red, blue, green and grey, by
referring to the place number which
was given him as he checked his coat.
The buttonhole flowers corresponded
with the color at the table at which
he was seated. At each plate was a
white sailor cap on the band of
which was printed in red, ship of
state "Minnesota," the governor's be-
ing labeled "admiral." These caps
were worn all through the evening
and when the audience arose to cheer
the governor, who was given an ovation
that must have been extremely
gratifying to him, or to sing, it was
an inspiring scene. One could read-
ily imagine that several crews from
a battle ship were gathered together
for a social session.

As soon as the guests were seated
the lights were turned down and a
spot light thrown on a screen be-
hind and above the governor's table,
at the end of the hall. When a man
dressed to represent Saint Paul ap-
peared and made a brief but clever
address of welcome, ending with this
very pretty sentiment, "May your
worst day of the New Year be better
than your best day in the old year."

During the serving of the banquet,
which was very promptly and effi-
ciently done, fake and humorous tel-
egrams addressed to different promi-
nent men were read, such as a wire-
less from the other world addressed
to the members of the Minnesota leg-
islature reading "Presume you are
glad I stole the bill that would have
removed the capitol from St. Paul,"
signed "Joe Rolette." Another to a
country member read "Reported you
will attend banquet tonight in dress
suit and patent leather shoes. Wire
denial at once, town under martial
law." Another to a member working
for good roads "While mending the
roads better mend your own ways."

A splendid quartette sang fre-
quently during the evening and a
string orchestra filled in with current
popular music. At the conclusion of
the banquet Mr. A. W. Lindeke,
chairman of arrangements, Mr. J. N.
Jackson, the toast master, Mayor
Keller, Gov. Eberhart and Lieut. Gov.
Gordon gave brief talks after which
a fifteen minute recess was taken dur-
ing which time the banquet hall was
converted into a theatre. From that
time on until an early
hour in the morning the
guests were entertained by artists
from the various theatres in the city.
The acts were most enjoyable, and
altogether the event was one which
will be long remembered by all who
participated in it. The enterprising
city of St. Paul, which possesses a

splendid hotel where such functions
can be given to advantage, has shown
a hospitality and friendliness to the
legislature which cannot fail to
bring closer together the two great
interdependent interests of the state,
the cities and the country districts.

Mr. Gemmell said he had a pleas-
ant visit with Senator C. D. John-
son who was as well pleased with
the affair as he was.

DISTRICT COURT PROCEEDINGS

Judge McClenahan Hears Cases in
Chambers and Disposes of Many
Legal Controversies

NEW TRIAL IN THOMAS CASE

Some Matters to be Taken up on Jan.
17, 19 and 20 by Judge
McClenahan

Many people imagine that when
the district court adjourns since die
that Judge McClenahan takes a va-
cation, but they are sadly mistaken.
It is then that the cases submitted
to the judge to be taken up in cham-
bers are in many instances disposed
of.

The case of Andrew Hedman vs
William Dieckhaus, No. 29 on the
civil calendar has been heard and
the testimony all taken and an or-
der was entered giving the attor-
neys 25 days to submit written
briefs.

The personal injury case of Aman-
da M. Thomas vs A. T. Fisher and
James F. Vaughn and the city of
Brainerd was taken up today and
the motion for a new trial was
argued. Judge McClenahan granted
the order for a new trial on account
of the inadequacy of damages award-
ed the plaintiff. In this case Mrs.
Thomas was awarded \$100 damages
for injuries alleged to have been
sustained and her attorney, J. Henry
Long, moved for a new trial. The
judgment as rendered is against all
three defendants.

On January 17th will be heard
the case of Franklin W. Merritt vs
James T. Joyce et al and owing to
the large number of witnesses which
have been summoned the action will
be heard in the court room as the
judge's chambers are entirely inad-
quate in size to hold such an array
of counsel and witnesses.

On January 19th the case of Be-
riah Magoffin, Jr., vs Maria A. Baile-
y will be heard.

On January 20th the judge will
hear the divorce case of Lillie M.
Dickerson vs Howard Dickerson.

OAK LAWN NOTES

A New Year's party was given at
the poor farm by the Young People's
society of Oak Lawn. A very pleas-
ant evening was spent by all. Danc-
ing and games were the chief amuse-
ments. The guests departed in the
wee, wee, small hours of the night.
Lawrence McCulloch was married
at Staples recently. He used to at-
tend the Oak Lawn school. We all
wish him happiness in his married
life.

Mr. and Mrs. R. D. Miller and Mr.
and Mrs. Lawrence McCulloch visited
their parents in Oak Lawn recently.
Mamie Anderson was married at
Cambridge. He is expected in Oak
Lawn soon, where all will try to give
him and his bride a good time.

Mrs. Ottillia Keough visited at her
home in Little Falls last week.
Rose Keough returned to Little
Falls on Saturday where she is at-
tending high school.

Miss Mamie Keough returned to
Staples to resume her duties.
Elna Stendahl has been on the
sick list.

A party was given on Friday eve-
ning in honor of Miss Mary Kamrath
it being her birthday. About 40
guests were present and a very pleas-
ant evening was spent by all.

Mr. Jess Burton has gone to the
woods.

Mr. George McCulloch spent the
Christmas holidays at home.

The Oak Lawn school gave a fine
entertainment the Friday before
Christmas.

The Misses Ottillia and Martha
Keough have resumed their studies at
the high school in Brainerd.

Mrs. Sam Allston and Grace All-
ston are on the sick list.

Mr. and Mrs. Murray and family
spent Christmas at Long Lake.

TONIGHT

It's equal as a curative tonic does

Take it tonight.

BREAKS COLD IN FEW HOURS

Proves Quinine is Never Effective in
the Cure of a Severe Cold
or the Grippe

Pape's Cold Compound is the re-
sult of three years' research at a
cost of more than fifty thousand dol-
lars, and contains no quinine, which
we have conclusively demonstrated
is not effective in the treatment of
colds or grippe.

It is a positive fact that a dose of
Pape's Cold Compound, taken every
two hours until three consecutive
doses are taken, will end the grippe
and break up the most severe cold,
either in the head, chest, back, stom-
ach, limbs or any part of the body.

It promptly relieves the most mis-
erable neuralgia pains, headache,
dullness, head and nose stuffed up,
feverishness, sneezing, sore throat,
running of the nose, mucous cat-
arrhal discharges, soreness, stiffness
and rheumatic twinges.

Take this harmless Compound as
directed, with the knowledge that
there is no other medicine, made any-
where else in the world, which will
cure your cold or end grippe misery
as promptly and without any other
assistance or bad after-effects, as a
25 cent package of Pape's Cold Com-
pound, which any druggist in the
world can supply.

Big Ten Days Money Raising Sale

Starting, January 14, at 8:30 A. M.

This Money Raising Sale means just what it says. We are compelled to adjust the claims of our creditors within Ten Days and have resorted to extraordinary sacrifice to avoid embarrassment. Original cost of merchandise has been disregarded. Prices that will excite buying of supplies for many seasons hence, have been placed on every article in the store. We are forced to raise the money, that's why such amazing, astonishing, savings are offered on

Standard Quality Men's Suits, Overcoats, Furnishing Goods; Men's, Womens', Boys' and Girls' Dependable Footwear; Hats, Caps, Warm Lined Clothing, Etc.

Not a single article in the store but can be purchased during this sale way under price. Every department of this store will bubble over with just such bargains as would reward you for coming miles to procure. Look the items over carefully, consider the reputation of the manufacturers mentioned, then see if the values offered in this mighty sale don't smash to smithereens the prices quoted in your mail order catalog or any other advertisement in print today.
